

# Thank You ... for your enquiry.

Although it is against my personal attention policy to send duplicated answers to anybody, I was forced to create the "Arthur Francis for Scootering" cover to send with a leaflet when it fully answered a specific query, as it became quite impractical to send individual letters to what is now approaching 5,000 written enquiries from all over the world every year.

I personally read every letter received by my company, and I believe that you will find the leaflets enclosed will be fully self-explanatory; however, please do not hesitate to write again !

My policy to represent only Lambretta and Vespa has kept the premises compact, every member of the staff an authority. Comprehensive spares and accessory stock is available by mail order, expert advice on any technical matter !

Special scooters at unbeatable prices - SX 200 'S' Type only £9. extra.  
SS.200 at no extra charge - with free delivery in England!

Thank you again for your interest, and I assure you of my very best attention at all times.

**Yours Sincerely.**

*Arthur Francis*
